

HEART

Terms

aorta
artery
atherosclerosis
atrio-ventricular node
atrioventricular valve
atrium
blood sinus
capillary
circulatory system
diastole
diastolic pressure
fossa ovale
heart murmur
lumen
myocardium
pulmonary circuit
P-wave
QRS-complex
semilunar valve
septum
sino-atrial node
sulcus
systemic circuit
systole
T-wave
vein
vena cava
ventricle

Concepts

open vs. closed circulatory system
arterial blood flow vs. venous
heartbeat cycle

Processes
